

# WESTERN CERAMIC SUPPLY

Is proud to announce the reformulation of several formerly discontinued leaded glazes into a safer UN-LEADED form.

Western's LOW FIRE ART GLAZE line is now available to distributors and customers nationwide. There are some colors you may have seen previously in the leaded series, now completely LEAD-FREE! Plus many NEW colors to choose from. We are also continuously adding new colors to this line, so check back often.

Western's LOW FIRE ART GLAZES are unique in that all have beautiful breaking colors similar to higher fire glazes, from blue to green, or purple to blue, orange to yellow, the combinations are limited only by your imagination! See our newest colors below.
